# SKYFLOW SSR

## Overview

- UV stabilised
- Maintenance free
- Up to 30° roof pitch
- Goose Wing Grey paint finish (BS 00-A-05)

### Cowl Pressure Drop Curve

- |            |            |
|------------|------------|
| 1 SSR25    | 4 SSR50/56 |
| 2 SSR31/35 | 5 SSR63/71 |
| 3 SSR40/45 | 6 SSR80    |

### Options

Available with Bird Guard & Shutters, or alternatively with Bird Guard only.

Product Code	Product Code (c/w Bird Guard)	Product Code (c/w Bird Guard & Shutters)
SSR25	SSR25B	SSR25BS
SSR31/35	SSR31/35B	SSR31/35BS
SSR40/45	SSR40/45B	SSR40/45BS
SSR50/56	SSR50/56B	SSR50/56BS
SSR63/71	SSR63/71B	SSR63/71BS
SSR80	SSR80B	SSR80BS

Determine pressure loss against required flow rate and add pressure loss value to system design pressure, verify that fan selection can accommodate extra pressure loss. Original design: flow rate (m³/s) and pressure (Pa), with cowl becomes flow rate (m³/s) and (pressure (Pa) + pressure loss (Pa) from curve).
